Conclusion

The impact of community engagement on the River of Life:

- Cooperation between Government and Communities strengthened;
- The communities were more aware of the importance of protecting the river. The level of Communities Awareness on the ROL project increased from 16.3% (2012) to 21.3% (2014) – [DID survey to 1,000 respondents];
- Better acceptance from the stakeholder.

DBKL will continue to engage with our stakeholder in our development project as to ensure a successful and sustainable project.

Terima Kasih

DEWAN BANDAR RAYA KUALA LUMPUR
