A Proposal: Promotion of Environmentally Sustainable Cities (ESC) in ASEAN Countries

2nd HLS ESC
15 – 16 March, Kitakyushu, Japan
Proposed Implementation Flow in Each Country and Key Features

1. Programme Design
   - Overall theme/objectives
   - Selection criteria
   - Selection of panel members
   - Evaluation and monitoring
   - Schedule and budget

2. Announcement of the programme and call for proposal

3. Submission of proposals from cities
   - Based on city’s voluntary action plans with long-term visions

4. Evaluation and selection of candidate model cities
   - Based on achievability, past achievements, and expected impacts

5. Technical assistance and capacity building for local governments
   - Supports from potential collaboration partners

6. Implementation of policies and projects

7. Evaluation and monitoring of cities’ performance

With support from the Secretariat

With facilitation and coordination by the Secretariat

A proposed structure in Indonesia (for example)

Regional Secretariat (GES)

National Secretariat

Programme Manager

Support staff

Other supporting ministries

Private Sector

ADIPURA

Academe

National Steering Committee

BAPPENAS

KLH*

Selection of candidate model cities

Programme implementation

Monitoring & evaluation

Project and policy implementation

Technical assistance, capacity building and trainings

Local Government Units

Cities

Municipalities

Coordination

Development partners

Designing of the programme
( focused on solid waste management, urban greening and GHG reduction)

ASEAN MODEL CITIES INITIATIVE

Funding and technical assistance from other organizations

Coordination by the Secretariat

Indicative Work Plan

1. Phased approach
   - Start in some countries in the 1st year and expand to all countries in 3 years
   - Select the first group of countries based on criteria and readiness

2. Budget (USD1.5m/3 yrs)
   - Training for LGs (48%)
   - Consultative meetings and dissemination seminars, monitoring and evaluation etc. (12%)
   - Coordination (10%)
   - Publication, website (10%)
   - Personnel (20%)
