Institute for Global Environmental Strategies (IGES) Kitakyushu Initiative for a Clean Environment

> Introduction to Kitakyushu Initiative Networks (KIN) and its organic waste management programme

D.G.J.Premakumara, Policy Researcher, IGES

1. Kitakyushu Initiative (KI) for Clean Environment (2000/2010)

It was a programme adopted in 2000 during the 4th Ministerial Conference on Environment and Development in Asia and the Pacific (MCED 4) in Kitakyushu City, Japan.

It was aimed to improve the urban environment in Asia and the Pacific under the direction of the UNESCAP, funding support from the government of Japan and Kitakyushu City, secretariat of the IGES and the participation of local, national and international partners.

1st Cycle (2000-2005) Aim: Collection and documentation of good

- practices KI networking Seminars
- Thematic Seminars Financial assistance for the implementation of

pilot projects

2nd Cycle (2005-2010): Aim: Replication of good practices

- Organising study visits, workshops and seminars for facilitating replication of good practices
- Training, information sharing for capacity building.

Focused area:

Water supply and sanitation, Solid waste management, Air quality management, Transport and Urban Landscape

With cross-cutting issues on:

Poverty, Public participation, Capacity building

2. The Kitakyushu Initiative Network

3. Decentralised Solid Waste Management in Surabaya City

Kitakyushu Initiative for a Clean Environment http://kitakyushu.iges.or.jp.

3. Surabaya's achievement inspired the other cities

4. Replication in five other cities, Indonesia

6. Training and networking seminars for facilitating experiences and information sharing among the cities International Training Workshop for National Policy Framework on Municipal Waste Management in Indonesia A Networking Seminar on KitaQ System Composting in Asia SEMINAR REPORT

Kitakyushu City, JAPAN

WORKSHOP REPORT

29 June - 01 July 2011

JICA Kyushu International Center, Kitakyushu, JAPAN

JICA MIN SILLINGES

8. Session outline

- 1. Presentation
 - o Experience sharing by 4 cities (Tarakan, Bago, Talisay and Escalente)
- 2. Discussion
 - o The successful factors for decentralised organic waste management and recycling.
 - The challenges faced by the local governments in upscaling the pilot project at city-wide.
 - Need and possibility of regional network to share the information and facilitation of good practices
- 3. Comments from both participant cities and the supporting organisations (JICA, UNESCAP, UNCRD, AIT, CityNet and others)
