

ASEAN – German Technical Cooperation

4th HIGH LEVEL SEMINAR ON ENVIRONMENTALLY SUSTAINABLE CITIES

**21 – 22 March 2013
Hanoi, Viet Nam**

ASEAN – German Technical Cooperation Programme “Cities, Environment and Transport”

**Roland Haas – GIZ
Programme Director**

ASEAN – German Technical Cooperation

giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

giz

**Deutsche Gesellschaft für
Internationale Zusammenarbeit
(GmbH), Eschborn/Germany –**

German International Cooperation

- Established in January 2011
- Merging **GTZ, InWEnt and DED**
- some 17,000 employees worldwide
- Owned by Federal Republic of Germany

Programme “Cities, Environment and Transport in the ASEAN Region”

- 1. Clean Air for Smaller Cities in the ASEAN Region – 7 (8) Countries - 2009 – 2015**
- 2. Sustainable Port Development – 6 (7) Countries – 2009 – 2015**
- 3. Energy Efficiency and Climate Change Mitigation in the Transport Sector – 5 Countries 2012 - 2015**

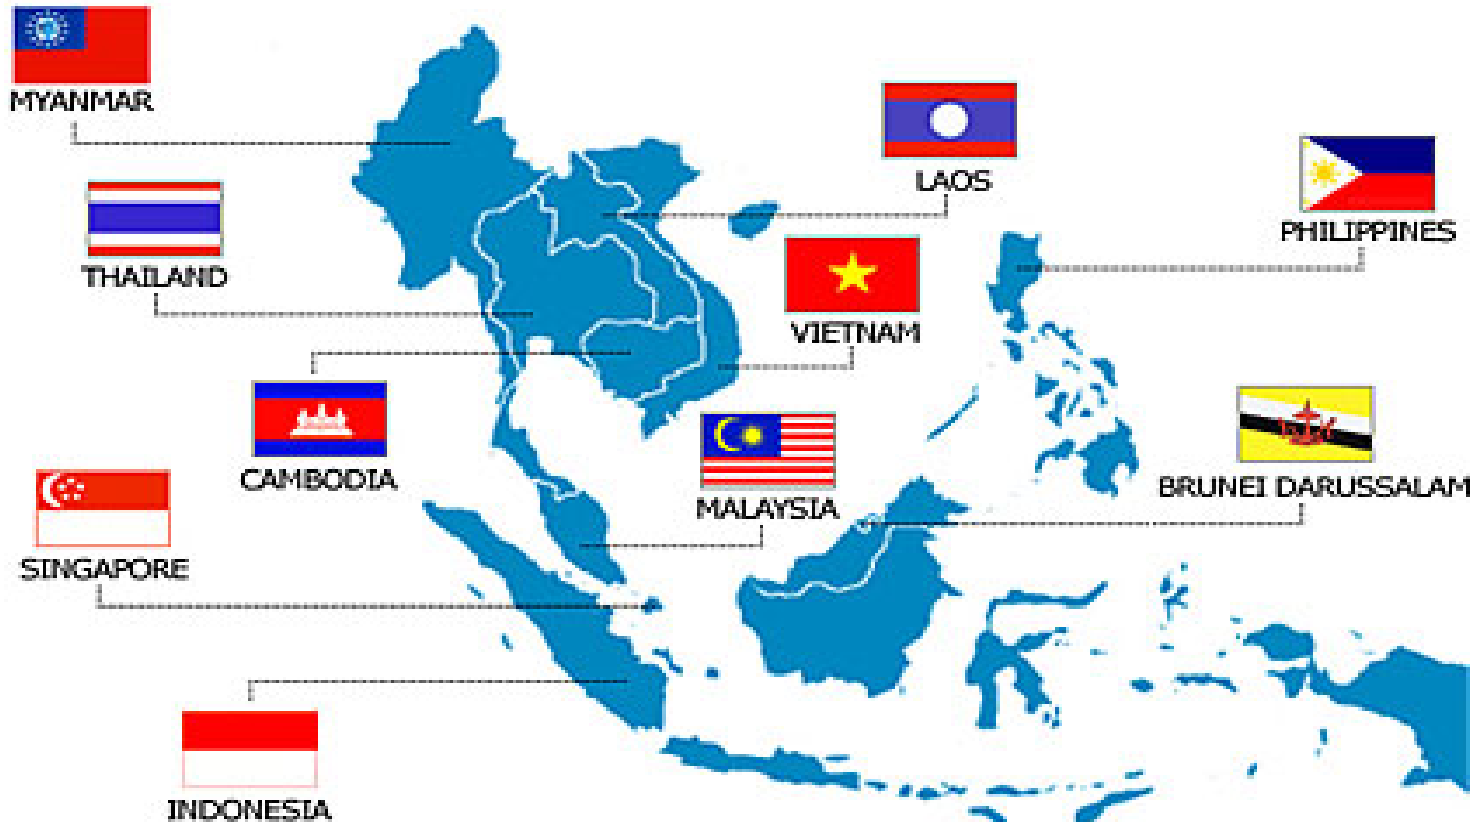

The Framework

- **ASEAN Initiative on Environmentally Sustainable Cities (AIESC) – 2003/05**
- **ASEAN Working Group on Environmentally Sustainable Cities (AWGESC) (clean water, clean soil, clean air)**
- **ASEAN Secretariat requested the project from German Government in 2006**
- **The German Federal Ministry for Economic Cooperation and Development (BMZ) commissioned GTZ (now GIZ) to execute the project in 2008**

ASEAN – German Technical Cooperation

Participating Countries:

Cambodia, Indonesia, Lao PDR, Malaysia, Myanmar, Philippines, Thailand and Vietnam

**Clean Air for Smaller Cities (CASC) –
(€2.5 mil)
Hosted by the Pollution Control
Department (PCD), Thailand**

ASEAN – German Technical Cooperation

Objective

Small and medium-sized cities are increasingly able to develop and implement measures to improve the air quality.

Indicators

- **At least 11 cities (150,000 – 1.5 million inhabitants) have a Clean Air Plan (CAP)**
- **At least 7 cities are implementing CAPs.**

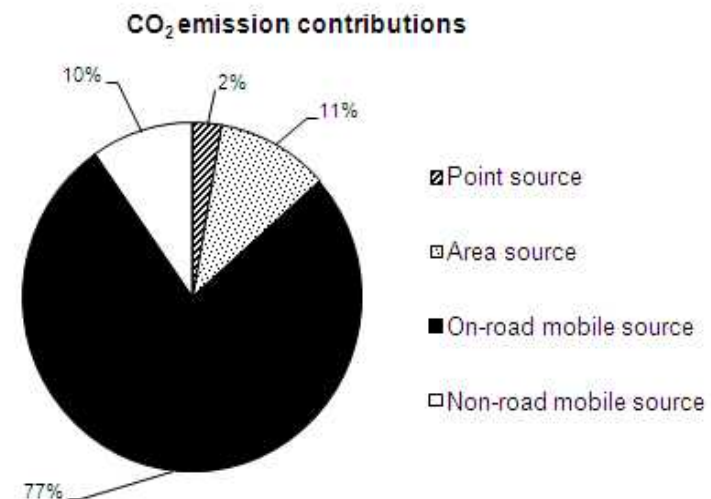

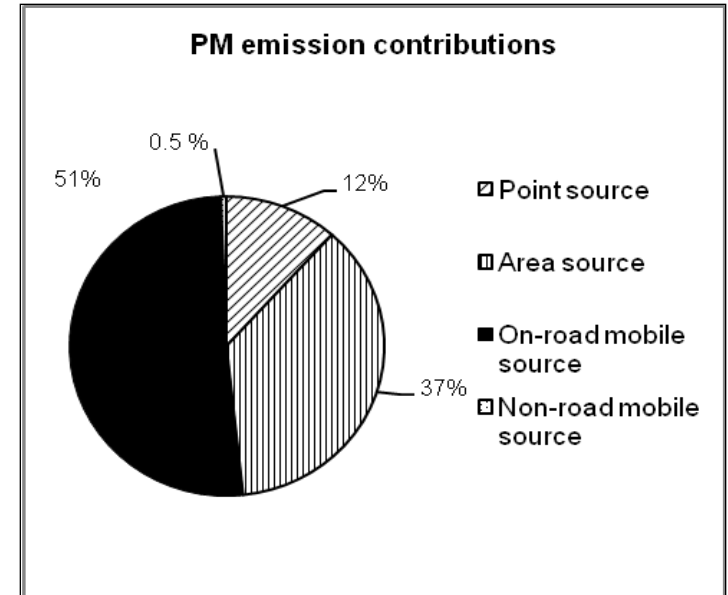

Project Period

January 2009 – December 2015

Selected key activities

- Road Map elaboration
- Public participation e.g. Vision and Goals Workshops
- Refinement of air quality monitoring data
- Emission inventory development
- Immediate Action Plans
- CAP development
- Training development

“Flagship Course”:

How to Improve Air Quality in Your City?

Strategic Workshop for High Level Decision Makers

- ***Organised on 20 March 2013 back-to-back with HLS ESC***
- ***4 hours***
- ***30 participants (40% female) from 7 ASEAN Member States (+ Nepal)***
- ***Good mix of representatives of national, provincial and local governments and agencies, NGOs and universities***

TRAIN FOR CLEAN AIR – T4CA

How to Improve Air Quality in Your City?

Strategic Workshop for High Level Decision Makers

- Goal: To equip decision-makers with knowledge and information on Air Quality Management in smaller cities.
- Target Group:
- Mayors/vice-mayors, chiefs of provincial administrations
 - Decision-makers in local city government and administration: city-top administration officials, heads of departments (environment), health, transport, energy, city planning

Workshop Highlights:

- **One Mayor: I want a Clean Air Plan for my City!**
- **Group Work with outstanding results: Common sense versus content of training?**
- **Co-Benefits from Clean Air and Climate Change Mitigation approaches**

Training Courses – Train-For-Clean Air (T4CA)

Top 5 Priority Courses	Target Population	Duration
General AQ management for decision makers of smaller cities	Mayor, Chief Administrative Officer	1 day
Emission inventories	Technical officer	5 days
Air quality monitoring		3 days
General AQM for civil society (NGO)	Influencers (e.g. NGOs, Media, Civil Society)	2 days
Effective Communication for NGOs on Air Quality Management		2.5 days
