

The background image shows a wide river with a concrete dam structure. On the right bank, there are several houses with red and grey roofs, some with balconies, situated on a hillside. A large, leafy tree is prominent on the right. The sky is overcast and grey.

# **ESC Promotion by the Ministry of Public Works and Transport of Lao PDR**

**Sengdara Douangmyxay  
Specialist in urban development**

# National Urban Sector Development Strategies

- Launched in 2012;
- Action plans focused on:
  - Town greenery
  - Solid waste management
  - Waste water treatment
  - Sanitation and hygiene,
  - Infrastructure, housing ;and
  - Urban services

# Key actions

- Integration of green city concept in urban design
- More focus on area development than traditional city master plans
- Adoption of site and building codes
- Annual meeting (urban forum)

# Town greenery

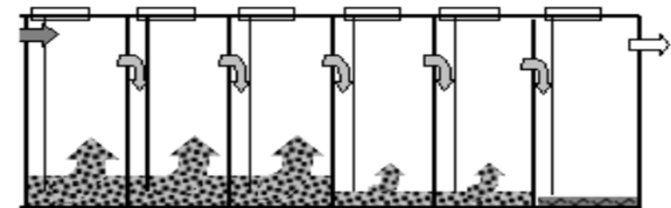

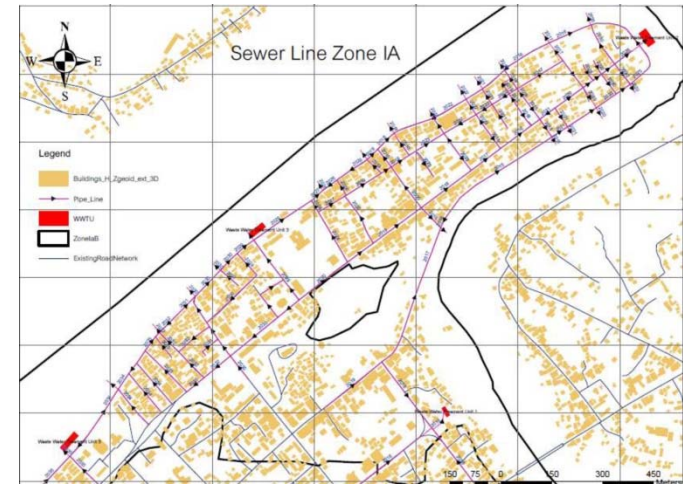

- Creation of town green areas
- Promotion of tree plantation on individual land

# Waste water treatment

- Define short and long term investment plans
- Launch demonstrative pilot projects (DEWATS)

# Solid waste management

- Support cities in waste collection , town cleanliness and sanitation
- construction of landfill sites

Thank you for listening
